## Constitution Is Approved; WNTC Managers Elected

Daniel Weinberg, general chairman of the CCT-PSTC Radio Station, recently announced that the Constitution of WNTC had been approved by the organization committee, composed of students from both colleges.

This constitution provides for an Executive Board to which Nick Sfikas of Clarkson has been elected as Station Manager. Other members elected by the committee were William Moonan, PSTC, Assistant Station Manager; Lionel Hoffman, Clarkson, Secretary; Franklin C. Bradley, Clarkson, Chairman of the Engineering Committee; Daniel Weinberg, chairman of the Business committee; Carolyn Longfritz, PSTC, chairman of the Program Committee, and Ron Elliott, Clarkson, chairman of the Publicity Committee.

The Business Committee will be responsible for the maintenance of all account books and supervision of sales, purchases and financial operations. The Engineering committee will oversee the design, construction, and maintenance of all station facilities. The Program Committee will be the largest and will be responsible for the arrangement of programs. All persons concerned with the production of these programs will be on this Committee. The Publicity Committee will handle all public relations of the station, publicize all programs, special broadcasts, and station policies.

According to Sfikas, the committee chairmen have been instructed to recruit applicants to serve on their respective committees. The Constitution provides that an applicant cannot serve on more than two committees.

## WNTC Constitution

(Continued from page 1)

It was also announced by Weinberg that the studio plans have been completed by Tom Harris, the draftsman, and have been submitted to President Jess Davis of Clarkson and Dr. Frederick Crumb of PSTC for administration approval, construction of the studio premises in the building in back of Crane House will proceed.

Dr. Crumb announced that bids for equipment have been requested from several electronics companies and a decision on the equipment will be made as soon as answers are received.

Plans for this station originated with the Clarkson Electronics Society over a year ago. Following a trial broadcast, the Electronics Society formed the Carrier Current Committee which consisted of Clarkson students. When PSTC's fall semester began, five of our students joined with six members of the Carrier Current Committee to draw up the station constitution. All these committees were dissolved Wednesday night with the student ratification of the constitution.

In addition to the members of the executive board, the 24 charter members include from PSTC: Bette Roberts, Mary Smith, Elizabeth Bailey and Art May. From Clarkson: Stuart H. Bouchev, Edwin Hanke, James S. Moore, Ralph Schneider, Marrion S. Delucia, Charles Podgurski, John Latta, Thomas C. Harris, Frank A. Fratalli, Leo Thompson, Leo Fournier, John Carroll, and Robert Goldscheider.

## Recruiting Program Announced By WNTC Managers

The executive board of Campus Station WNTC at a meeting Tuesday night decided to accept applications for membership in the station. Applications for interested students of both PSTC and Clarkson must be filed with the executive board of the station for a trial period of one month. After a student has served for this period and has proved his interest and merit he will be elected to full membership in the station.

The station is divided into four committees: Programming, Engineering, Publicity and Business. A student may elect to work on one, but not more than two of the four committees.

Broadcast material and talent is now foremost in consideration and it is necessary to have an advanced program schedule ready when the station opens and at all times after that. This work is under the direction of the program committee which includes actors, actresses, announcers, program directors, producers, script writers, disc jockeys, musicians, etc.

Applications may be obtained by contacting a member of the executive board, who will explain each phase of activity and assist the student in filling out his application.
